

We're Going on an Alien Hunt

We're going on an alien hunt
We're going to catch a big one
What a beautiful day
We're not scared...

Uh Oh!
What's that?

Ice!
Slippy cold ice
We can't go over it
We can't go under it
Oh no we've got to go through it

Slip and slide
Slip and slide
Slip and slide

We're going on an alien hunt
We're going to catch a big one
What a beautiful day
We're not scared...

Uh Oh!
What's that?

A dust storm!
A swirling whirling dust storm
We can't go over it
We can't go under it
Oh no we've got to go through it

Whoo hoo
Whoo hoo
Whoo hoo

We're going on an alien hunt
We're going to catch a big one
What a beautiful day
We're not scared...

Ooh!
What's that?

A nebula!
Beautiful colourful nebula
We can't go over it
We can't go under it
Oh no we've got to go through it

We're going on an alien hunt
We're going to catch a big one
What a beautiful day
We're not scared...

Uh Oh!
What's that?

A crater!
A deep dark crater
We can't go over it
We can't go under it
Oh no we've got to go through it

What's this

One fuzzy antenna

Two pointy ears

Three shiny eyes

IT'S THE
ALIENS!!

A black and white photograph of a lunar crater. The crater floor is dark and mostly shadowed, with some lighter patches. The rim is bright and well-defined. The surrounding lunar surface is covered in numerous smaller craters of various sizes. A long, dark shadow is cast from the left side of the crater, extending towards the bottom left.

Back through the crater...

Back through the nebula

A dramatic landscape featuring a massive, towering wall of brown dust and sand that fills most of the sky. The dust storm is moving from the left towards the right. Below the storm, the terrain consists of dark, rocky, and uneven hills. The overall atmosphere is dark and ominous, with a heavy, brownish tint to the entire scene.

Back through the dust storm!
