

Pathway 2 – Our World

This can be done on your own pet or your favourite animal at the zoo or the farm.

Make a book, a poster, an information page, a fact file, a story.

     April 1st to May 1st is National Pet month    

If you have a pet, you could complete your project on this.

If you don't have a pet or would like a different pet, change it to anything you would like to have.

Make an animal book.

Take photos or draw pictures.

Find out through google new or interesting facts about your animal or creature.

Watch you tube for ideas too.

Make a colourful cover for your book.

You may want to use a laptop to type your ideas.

Tell the reader about your pet.

What is it, the colour, how old, its name if it has a special home?

Draw pictures and tell us about what it eats.

Does it have toys?

How does it exercise?

Anything you can.
