

## Creativity – DT with Ber

Our very own Ber has set up a YouTube channel to help you create things at home, linked to learning that has taken place at school. We appreciate that you will not have lots of resources available at home, so have tried to keep creative projects as simple as possible, using things you can find around the house i.e. packaging and colouring pencils/pens.

Find the video tutorial on YouTube – search for Mr Ber:

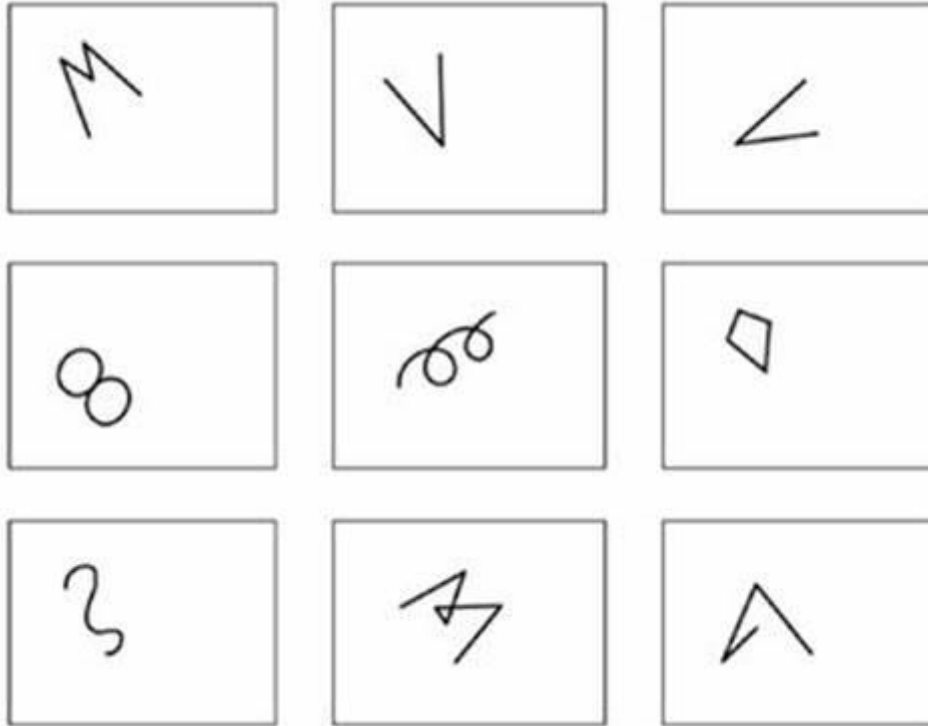

## Creativity – Logos

Have a go at drawing the logos that you can find for different items around the house or for different companies. Some are below, but what other ones can you find? Can you get the writing for the logo name to look the same? Which logos are the hardest to copy? Which are the easiest? Why do you think that is?

## Creativity – Scribble Picture

Get someone in your house to draw a scribble or line on the page, or draw one of the ones below – can you make it into something else so it looks like a picture?

Example:
