

## Mulberry Tree House (MTH) Statement of purpose

Mulberry Tree House is part of Charlton Park Academy, a large

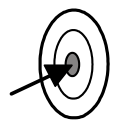

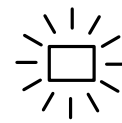

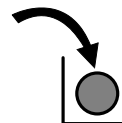

and successful specialist secondary SEND school in

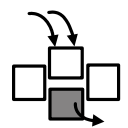

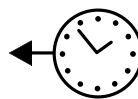

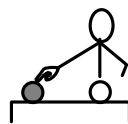

South East London.

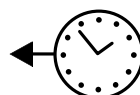

**2021**

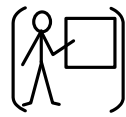

In May 2021, MTH moved into a new purpose

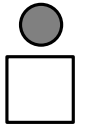

built facility that was provided by the replacement

building programme, which was funded by the

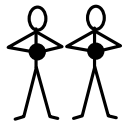

Department of Education.

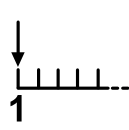

Over

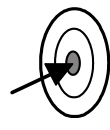

time,

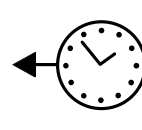

our

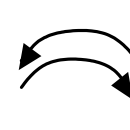

core

purpose

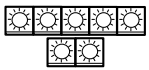

has

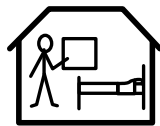

evolved

from being

a weekly

boarding school

for Physically

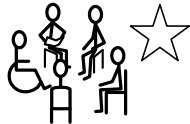

disabled

students to

more

SEND,

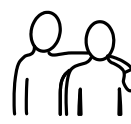

social

and

health

care

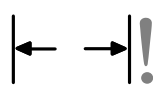

'short breaks'

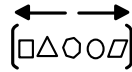

centre

for a

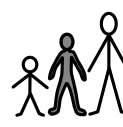

wider

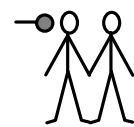

range

of young people

and

their

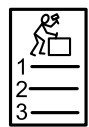

families

with

EHC

Plans.

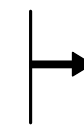

Places

are

funded

from a

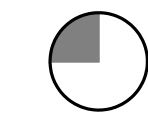

**123**

number

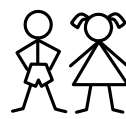

of

sources,

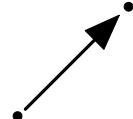

including

children's

services,

direct

payment,

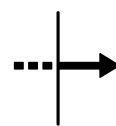

parental

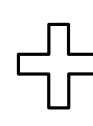

purchasing

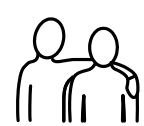

and

continuing

health

care.

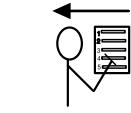

MTH

is

Ofsted

registered

as a

residential

special

academy

with

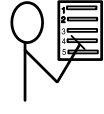

social

care

-

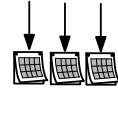

registration

123

number

SC044128, as is

annually

inspected

in

line

with

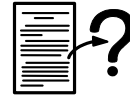

good

or

better

outcomes.

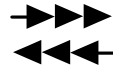

Most

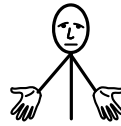

students

have

complex

needs

with

associated

communication

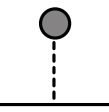

problems

and

have

high

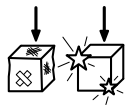

care

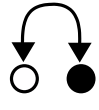

and

medical

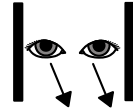

conditions,

which

require

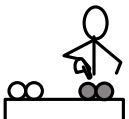

monitoring

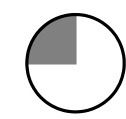

and

support.

These

include

PMLD, SLD, and ASD

young people.

MTH

can

accommodate up to

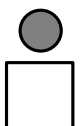

11

bed

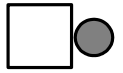

places

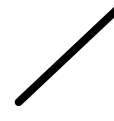

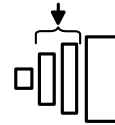

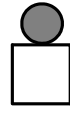

over

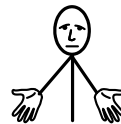

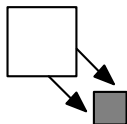

3

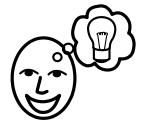

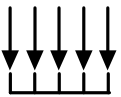

night, but is currently commissioned for three places by

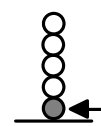

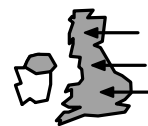

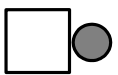

Royal Borough of Greenwich on average per night

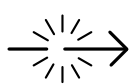

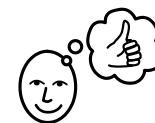

due to a reduction in perceived needs locally.

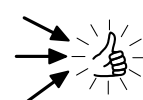

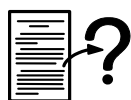

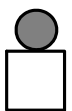

All aspects of the work Mulberry Tree House are driven

by the Quality Standards with National Minimum

Standards for Residential Special Schools to positively impact

upon the young person outcomes and life chances.
